New Source Review newspaper advertisements for construction permit applications, October 5, 2006. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: October 3, October 4, or October 5, 2006. Public notices are generally published every two weeks. The previous publication of public notices was September 19 - 21, 2006.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is <u>Donaldson Company</u>, <u>Inc.</u> with a mailing address of <u>323 Crisp Circle</u>, <u>Maryville</u>, <u>TN 37801</u>. They seek to obtain an air contaminant permit (Division identification number: <u>05-0284-01/60269</u>) for modification of a <u>Surface Coating Operation</u> at <u>the same address</u>. This existing operation consists of a paint spray booth and associated equipment used to coat dryer frames, generators, and accessories. Exhaust filters are used for pollution control. The proposed modification is to increase material usage. There would be no physical construction. Regulated air contaminants emitted by this source would increase. Ms. Olga Jacobsen is the assigned Division person.

For the Blount County "Maryville Daily Times"--published once on or before Thursday, October 5, 2006.

The applicant is <u>Tennessee Army National Guard, 255th Asphalt Team, 194th ENG BDE</u> with a mailing address of <u>875 Highway 49</u>, <u>Tennessee Ridge, TN 37178</u>. They seek to obtain an air contaminant permit (Division identification number: <u>09-0094-01/60270</u>) for construction of a <u>Portable Asphalt Plant</u> at the <u>Milan Training Site, 325 Arsenal Lane, Lavinia, TN 38348-2605</u>. This proposed operation would consist of a portable drum mix asphalt plant and two (2) diesel generators. A baghouse would be used for pollution control. Regulated air contaminants would be emitted by this source. There would be physical construction. Mr. Abbas Yavari is the assigned Division person.

For the "Carroll County News-Leader"--published once on or before Thursday, October 5, 2006.

The applicant is <u>DTR Tennessee</u>, <u>Inc. Tazewell</u> with a mailing address of <u>150 Hester Lane</u>, <u>Tazewell</u>, <u>TN 37879</u>. They seek to obtain air contaminant permits for construction and modification of air contaminant sources located at the same address, as follows:

- (1) <u>Adhesive Coating Operation</u> (Division identification number: <u>13-0083-23/60299</u>). This proposed operation would consist of an adhesive coating application via a hand spraying system with a forced-air steam-drying chamber. A regenerative thermal oxidizer would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source.
- (2) Boilers (Division identification numbers: <u>13-0083-07/60291</u> and <u>13-0083-14/60290</u>). This existing operation consists of two 8,165,000 BTU per hour natural gas-fired boilers. The requested modification is to have the ability to burn propane fuel as a back up to natural gas. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants are emitted by this source. Mr. Steven R. Simpson is the assigned Division person.

For the Claiborne County "Claiborne Progress"--published once on or before Thursday, October 5, 2006.

The applicant is <u>Charles Blalock and Sons, Inc.</u> with a mailing address of <u>P.O. Box 4750, Sevierville, TN 37864</u>. They seek to obtain an air contaminant permit (Division identification number: <u>15-0094-01/60298</u>) for construction of an <u>Asphalt Batch Plant</u> to be located at <u>Cloud Way, Parrotsville, TN 37843</u>. This proposed operation would consist of crushed rock and sand stockpiles, silos, drum mixer, conveyors, diesel engine generator and associated equipment used to produce hot-mix asphalt. No. 2 fuel oil, No. 3 fuel oil, and No. 4 fuel oil would be used for fuel. Baghouses would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Martin is the assigned Division person.

For the Cocke County "Newport Plain Talk"--published once on or before Thursday, October 5, 2006.

The applicant is <u>Certified Cylinder, Inc.</u> with a mailing address of <u>P.O. Box 527, Crossville, TN 38557</u>. They seek to obtain an air contaminant permit (Division identification number: <u>18-0104-02/60230</u>) for modification of a <u>Shot Blasting Operation</u> located at <u>3415 Highway 70 East, Crossville, TN 38555</u>. The proposed modification is to install an additional shot blasting machine to clean metal cylinders. A baghouse would be used for air pollution control. There would be physical construction. Regulated air pollutants are emitted by this source. Mr. S. Kusumanchi is the assigned Division person.

For the Cumberland County "Crossville Chronicle"--published once on or before Thursday, October 5, 2006.

The applicant is The University of Tennessee Space Institute with a mailing address of 411 B. H. Goethert Parkway, Tullahoma, TN 37388. They seek to obtain an air contaminant permit (Division identification number: 26-0068-15/60228) for construction of a Diesel Generator at the same address. This proposed operation would consist of a diesel powered electric generator. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. G. Latif is the assigned Division person.

For the Franklin County "Herald-Chronicle"--published once on or before Thursday, October 5, 2006.

The applicant is <u>Vulcan Construction Materials</u>, <u>L.P.</u> with a mailing address of <u>P.O. Box 7</u>, <u>Knoxville</u>, <u>TN 37901</u>. They seek to obtain an air contaminant permit (Division identification number: <u>30-0032-01/60305</u>) for modification of a <u>Rock Crushing Operation</u> located at <u>1980 Greystone Road</u>, <u>Greeneville</u>, <u>TN 37743</u>. This existing operation consists of a jaw crusher, grizzly feeder, screens, conveyors, crushed rock and sand stockpiles, and associated equipment used to produce gravel. Wet suppression is used for pollution control. The requested modification is to increase the throughput rate. There would be physical construction. Regulated air contaminants are emitted by this source. Mr. J. Martin is the assigned Division person.

For the Greene County "Greeneville Sun"--published once on or before Thursday, October 5, 2006.

The applicant is <u>Frost Concrete, LLC</u> with a mailing address of <u>P.O. Box 1912, Mount Carmel, TN 37645</u>. They seek to obtain an air contaminant permit (Division identification number: <u>37-0122-01/60283</u>) for construction of a <u>Concrete Batch Plant</u> at <u>5769 W. Carter's Valley Road, Church Hill, TN 37642</u>. This proposed operation would consist of a concrete batch plant, silos, and associated equipment used to produce concrete ready mix. A baghouse would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Jabari Martin is the assigned Division person.

For the Hawkins County "Rogersville Review"--published once on or before Thursday, October 5, 2006.

The applicant is <u>Appalachian Door</u> with a mailing address of <u>506 Municipal Drive</u>, <u>Jefferson City</u>, <u>TN 37760</u>. They seek to obtain an air contaminant permit (Division identification number: <u>45-0099-07/60297</u>) for construction of a <u>Woodworking Operation</u> at <u>the same address</u>. This proposed operation would consist of a sander, shapers, routers, dove tail and lock machines, and associated equipment used in the manufacture of wood doors. A baghouse would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. K. McLain is the assigned Division person.

For the Jefferson County "Standard-Banner"--published once on or before Thursday, October 5, 2006.

The applicant is Ocean Reef Pools, Inc. with a mailing address of 61 Curtis Road, Fayetteville, TN 37334. They seek to obtain an air contaminant permit (Division identification number: 52-0086-01/60334) for construction of a Fiberglass Reinforced Plastic Pool Manufacturing Operation at 61 Curtis Road, Fayetteville, TN 37334. This proposed operation would consist of a 4-stage resin and gel coat application process and associated equipment used to sand pools to the desired appearance. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. V. Murrell is the assigned Division person.

For the Lincoln County "Elk Valley Times"--published once on or before Thursday, October 5, 2006.

The applicant is <u>Tri-State Concrete</u>, <u>LLC</u> with a mailing address of <u>720 Cheri Circle</u>, <u>Whitwell</u>, <u>TN 37397</u>. They seek to obtain an air contaminant permit (Division identification number: <u>58-0110-01/60324</u> to construct a <u>Concrete Batch Plant</u> at <u>the same address</u>. This proposed operation would consist of gravel, crushed rock and sand stockpiles, a cement silo, a mixer, and associated equipment used to produce ready-mix concrete. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Robert Benjamin is the assigned Division person.

For the Marion County "Jasper Journal"--published once on or before Thursday, October 5, 2006.

The applicant is <u>Liquid Recovery, Inc.</u> with a mailing address of <u>1190 Hancock Chapel Road NE</u>, New Salisbury, <u>IN 47161</u>. They seek to obtain an air contaminant permit (Division identification number: <u>62-0126-01/60219</u>) for construction of a <u>Mobile Recycling Operation</u> at <u>2000 Cobia Drive</u>, <u>Vonore</u>, <u>TN 37885</u>. This proposed operation would consist of a portable closed-loop solvent recovery operation with one diesel generator. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants would be emitted by this source. Ms. S. Shajikumar is the assigned Division person.

For the "Monroe County Advocate"--published once on or before Thursday, October 5, 2006.

The applicant is <u>WastAway Services</u>, <u>LLC</u> with a mailing address of <u>193 Mt. View Industrial Blvd.</u>, <u>Morrison, TN 37357</u>. They seek to obtain an air contaminant permit (Division identification number: <u>89-0110-01/60332</u>) for a <u>Boiler</u> located at <u>the same address</u>. This existing operation consists of a gasifier, boiler, and associated equipment used to burn municipal solid waste. A multi-cyclone is used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. M. Reynolds is the assigned Division person.

For the Warren County "Southern Standard"--published once on or before Thursday, October 5, 2006.

The applicant is The Mazer Corporation with a mailing address of 6680 Poe Avenue, Dayton, OH 45414. They seek to obtain an air contaminant permit (Division identification number: 90-0231-01/60308) for modification of a Printing Operation located at 183 Lynn Road (formerly known as 3100 Industrial Drive), Johnson City, TN 37601. This existing operation consists of three (3) offset web-fed heat-set lithographic printing presses and associated equipment used to print coated and uncoated papers. The requested modifications are to add a new heat-set offset lithographic printing press and to increase the permit allowable for volatile organic compounds (VOC) to allow for greater flexibility. Because of the amount and type of emissions, the use of air pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants emitted by this source would increase. Ms. O. Jacobsen is the assigned Division person.

For the Washington County "Johnson City Press" – published once on or before Thursday, October 5, 2006.
